

PROGRAMME SPECIFIC OUTCOMES (PSO)
FOR
B.Sc PHYSICS

PROGRAMME SPECIFIC OUTCOMES FOR B.Sc PHYSICS

PSO1: Acquire good knowledge and understanding, to solve specific theoretical & applied problems in different area of Physics and its allied disciplines.

PSO2: Understand, formulate, and develop physics concepts for applications to address issues arising in social sciences, business and other context /fields.

PSO3: Students will show that they have learned laboratory skills, enabling them to take measurements in a physics laboratory and analyze the measurements to draw valid conclusions.

PSO4: To create effective entrepreneurs by enhancing their critical thinking, problem solving, decision making, technical skill and leadership skill that will facilitate to establish high potential organizations.

PSO5: Enabling students to develop a positive attitude towards Physics as an interesting and valuable subject of study.
